COEUR D'ALENE MULTIPLE LISTING SERVICE - AREAS -

All of our areas are defined by Section, Township & Range. Every listing must have section, township & range filled in so that the listing may be placed in the proper geographical area. Duplicate listings by area are allowed *only* if the section is contiguous to the secondary area.

To use this chart: locate the township, range & section #s--read straight across to see what area to put your listing in.

If you run across any section(s) which are not listed, please call me ASAP so that I can add it/them to the list.

Bonner & Boundary county all go into area "N" (North).

West of the Idaho stateline goes into area "W" (West).

Benewah county is Area 14. Shoshone County S of "extended" Benewah County Line is Area 15.

All other Idaho counties south of Benewah County go into area "S" (South).
